14. Kampung is a form of rural settlement found b) Malaysia
15. Match List I with List II and select the a) A-5, B-4, C-2, D-1

correct answer using the code  
given below the lists:

List I (Patterns of rural settlements)	List II (Locations associated with)
--	---

16. In vertical distribution of ocean deposits,.... b) 3, 1, 2, 4
17. Match List I with List II and select the correct answer using the code given below the lists:  
List I List II  
(Genetic Phases) (Resultant Tides)
18. Consider the following pairs .... d) 1, 2 and 3  
Area : Well-known for
19. Match List I with List II and select the correct answer using the code given below the lists:  
List I List II  
(Oil-field) (Country)
20. With reference to the availability of.... c) Both 1 and 2
21. With reference to the occurrence of minerals.. c) Both 1 and 2
22. Among the following states, in which... a) Arunachal Pradesh
23. Consider the following pairs.... b) 1 and 2 only  
Tree : Location of its natural habitat
24. Consider the following statements... d) Neither 1 nor 2  
1. The Buckingham Canal ....
25. Consider the following statements.... c) Both 1 and 2  
1. The genre de vie of Vidal ....
26. Consider the following statements... c) Both 1 and 2  
1. The Kangra Valley is a ....
27. Match List I with List II and select the correct answer using the code given below the lists:  
List I List II  
(Wetland) (State)
28. Consider the following rivers : b) 2, 3 and 4 only  
1. Banas ...

29. Match List I with List II and select the correct answer using the code given below the lists:  
 List I                      List II  
 (Mangrove Area)        (State)                      b)    A-1, B-2, C-4, D-3
30. In which of the following places are deposits..    b)    Chendipathar and Degana
31. Consider the following statements:  
 1. The Cochin Shipyard was ....                      d)    Neither 1 nor 2
32. Match List I with List II and select the correct answer using the code given below the lists:  
 List I                      List II  
 (National Highway)        (Route)                      b)    A-1, B-4, C-2, D-3
33. Among the following, the narrowest portion..    a)    Dover and Calais
34. Alps Mountains are spread over...                      b)    France, Switzerland, Italy, Austria
35. The high altitude tropical forest which has..    a)    Alpine forest
36. Consider the following pairs:.....                      d)    1, 2 and 3  
 1. Coal : Donbas
37. Match List I with List II and select the correct answer using the code given below the lists:  
 List I                      List II  
 (Island)                      (City)                      d)    A-4, B-3 , C-1, D-2
38. Consider the following pairs...                      d)    1, 2 and 3  
 1. Kumamoto : Ship-building
39. The Hanshin region of Japan is an...                      c)    Osaka, Kobe, Kyoto
40. Summer rains in Australia broadly...                      c)    North to south
